AQUATIC COVID-19 PLANS & PRECAUTIONS

Updated: June 28, 2021

Facility Precautions:

Screening	A health questionnaire and temperature assessment is required upon entry
Face Masks	Are mandatory inside pool buildings until you're ready to begin your activity or are an employee at a designated work station.
Hygiene	Wash or sanitize your hands frequently, using stations throughout the facility
Change Spaces	Are now gender-neutral, with 1 leading to the pool area, and 2 available after your activity. Lockers are not available for use, please bring your belongings with you onto the pool deck
Physical Distancing	Our facility and swim activities have been organized to enable distancing at all times. It is the responsibility of each participant to ensure they remain diligent about distancing.
Limited Use	Please limit your time at the facility. This includes arriving with your bathing suit on under your clothes and showering at home. Do not arrive more than 10-15 before your activity.
Disinfection	In addition to the regular cleaning schedule, commonly touched surfaces will be disinfected frequently each day (2-4 hours). This includes all pool equipment too.
Pool Water	The CDC has identified no evidence of transmission through water and that pool water should kill COVID-19

Swimming Activities: Reservation is not required or available for drop-in activities, however there will be strict adherence to the swim lengths and capacities below. A variety of methods will be used to collect information for contact-tracing purposes, including: registration data, membership scans and sign in sheets.

Lane Swim – 45 minute timeslots, with a maximum of 3 per lane (12 in orange phase).
Social Swim – 45 minute timeslots, with a maximum of 18 persons (12 in orange phase). The shallow end is open for stretching and unstructured swimming with some lanes in the pool.
Aquatic Fitness – 45 minute timeslots, with a maximum of 20 per class (14 in orange phase).
Open Swims – 90 minute timeslots, with a maximum of 45 persons (25 in orange phase). Children 10 and under require an adult present in accordance with our admission requirements.
Swimming Lessons – 40 minute classes, with a maximum of 4 per class. Only one parent/guardian should accompany participant to the pool. This parent/guardian must participate in-water for levels Intro A, Intro B, Intro 6+ and private lessons focused on these levels.

If Health Zone 1 (Moncton) enters the Orange recovery phase:

- Children's programs, including swimming lessons and open swims will continue as scheduled.
- Lane, Social and Aquafit activities will continue with reduced participants to permit 3m distancing.
- Rental groups will be contacted on a case by case basis, depending on the restrictions in place in order to update operational plans and permit further access.
- Change spaces will be further limited to discontinue the use of showers as well as a maximum of 10 minutes allocated to change after swimming.

If Health Zone 1 (Moncton) enters the RED recovery phase:

- The facility will close in accordance with public health regulations.
- Memberships will automatically be placed on hold and rental fees or drop-in charges will not be collected for the duration of the closure
- All reasonable attempts will be made to make up missed swimming lessons. If make-up lessons are not possible, a credit refund will be issued for future use.
