OUR NECK OF THE WOODS.

Riverview is an ideal place to live, work, and raise a family. Settle in amongst friendly neighbours, the beauty of wild New Brunswick, and a commitment to active living. Our community is bordered by the great Acadian forest and hugged by the mighty Petitcodiac River on our northern boundary. SUSTAINABLE GROWTH.

Our citizens value a pristine environment, the ability to choose active transportation, and a rich future for their children. A progressive stance on the issue of sustainability is a part of what makes life here so rewarding. We promote sustainability initiatives for our employees, to our residents, and in our events and programs. When we do better for our community, the community is better.

YOU'VE CHOSEN US AS YOUR BUSINESS LOCATION.

MILL CREEK NATURE PARK

FUN FACT

Mill Creek Nature Park is a flourishing 500+ acre destination to enjoy nature, play and explore.

The culture of active living that defines life in our town is encouraged by a commitment to quality parks and recreation facilities. Riverview is a special kind of community, where everyone and anyone can easily get outside and be active. Here, you'll find every kind of sports field, playground, pool, splash pad, skating rink, dog park, and an indoor skatepark/youth centre. Not to mention trails galore. It's not every community that has the recreational infrastructure of Riverview. It's why Riverview continues to be the community of choice for people who value an active, healthy, sustainable lifestyle.

ONE NATURE PARK TO RULE THEM ALL.

Mill Creek Nature Park is an outdoor oasis where you can enjoy the call of nature while still making it back in time for your next meeting. Curl up at the bonfire pit with family and friends, have a picnic at the outdoor gazebo, or challenge yourself to a moderate walk or bike ride on groomed trails. Did we mention the unbeatable view? The park has been embraced by residents as a place to relax, learn and reconnect with the natural world.

EXPERIENCE THE WONDERS OF THE DOBSON TRAIL.

Spanning 58 kilometres, with a direct connection into Fundy National Park, the Dobson Trail takes three-days of winding and weaving through vast wilderness and varied terrain to complete in its entirety. Whether you're looking for a challenging footpath, or a place to enjoy a brisk walk, the Dobson Trail delivers and then some.

TIDAL BORE

AN APPRECIATION FOR ARTISTS.

Arts and culture inspire new ideas while making day-to-day life more rich and rewarding. Public art is particularly invaluable because it's accessible and open to everyone. It's why the Town of Riverview is committed to supporting art in public spaces throughout the community. From funky murals to breathtaking sculptures, when you explore the town you're bound to find hidden gems that are oh so sweet.

OUR TIDAL BORE IS ANYTHING BUT.

This will get your heart going. The tidal bore is an unbelievable phenomenon found in only a handful of geographical points worldwide. It occurs when an incoming tide enters a narrow stretch and travels against the current, creating an impressive standing wave. Seriously, you have to see it to believe it. And Riverview has the best seat in the house.

COMMUNITY
GARDEN

FRESH FOOD AT YOUR FINGERTIPS.

Our community garden offers a safe and welcoming spot for people to come together, be active, and share their gardening experience. While increasing access to fresh foods, our community garden beds help battle food insecurity for our residents while encouraging sustainable food practices. These beds are not for sleeping.

COMMUNITY INVOLVEMENT

LIGHT UP RIVERVIEW

GOOD FOR BUSINESS.

Sponsoring festivals and events within your community is an affordable and cost-effective marketing tool that is often underutilized. Corporate sponsorship is a great way to drive sales, extend your reach, and build customer loyalty. If you're interested in growing your business, increasing brand visibility, and strengthening your competitive edge, sponsorship is a great avenue to consider.

With a complement of over 21,500 residents, Riverview is a big town with a small-town feel. Community members enjoy a high quality of life and an abundance of green space, while businesses and property owners enjoy some of the lowest operating costs in North America.

For this reason, among many others, Riverview is a highly sought-after place to live, work, and play. But what Riverview is really applauded for is our ability to throw some great events that truly bring residents and local businesses together. We've compiled a list of our annual gatherings to help you get involved.
